ALL POINTS OF THE COMPASS 2019 presents

TRAVELING OUR MAGNIFICENT WORLD: A GEOGRAPHER'S PERSPECTIVE

a keynote presentation by Matt Ebiner

November 2, 2019 • 10am-2pm
TSU Pavilions A&B • CSU Fullerton

Throughout Professor Matt Ebiner's 30 years of teaching college geography, he has traveled to 154 countries to better understand the world. In this presentation, Professor Ebiner takes the audience on a geographically informed tour of his favorite countries, natural landscapes, traditional cultures, impressive cities, and rural regions.

All Points of the Compass is a free Geography conference featuring paper and poster sessions, a map competition, a special panel presentation, and more! **Visit tinyurl.com/CSUFGeography** for more information.

Hosted by CSUF Geography Club & CSUF Department of Geography and the Environment
